Newry Lions Club Rental Rules

The Newry Lions Club facilities are made available as a service to the community by a small group of volunteers. As a renter your cooperation is needed in order to continue this service. Please review these guidelines before signing the rental agreement.

General Conditions: The Renter agrees to the following

1. To provide adequate chaperones
2. Restrict access to the building to only those areas rented
3. Supervise the conduct of all activities of those attending
4. No alcoholic beverages permitted
5. No smoking inside the building
6. Use of kitchen is included in rentals, also the larger adjacent pavilion
7. Clean up is required after all events

Clean Up Responsibilities:

The building is to be left in a clean condition suitable for the next renter. Trash bags should be put in the dumpster. Tables and chairs should be returned to the storage area. One row of chairs may be lined up against the wall. Mops and brooms are provided for clean up in the storage area.

Performing a good clean up will assure the return of your deposit at the end of the month in which you rented.
